FIRST NATIONAL BANK TO ENLARGE QUARTERS

Over $25,000 to be Spent in Extensive Improvements

HAS HAD RAPID GROWTH

Institution Has Prospered Tremenously Since Its Incorporation

In order to provide adequate quarters for the steady growth of its business, which has now attained proportions that demand larger and better accommodations, the directors of the First National Bank of Charleroi have just accepted plans and specifications for the complete remodeling of their building at the corner of McKean avenue and Fifth street. These plans, which are the result of wide investigation and exhaustive study on the part of the officers of the bank, who during the past few months have visited plants and banks having the most modern equipment, and who have selected the very latest models and plans, when completed will provide quarters for the First National that will be among the most modern in the country.

After consulting various architects and considering numerous plans the Emmett E. Bailey company, bank architects and vault engineers of Oil City, Pa, was selected by the officers of the First National Bank to prepare plans and specifications for the complete remodeling of the bank building. During the past three months this firm has been busily engaged in working out and completing a design for the remodeling. This has just been submitted and accepted by the bank officials, who have awarded contracts for the work. The contract for remodeling the building proper has been awarded to the Charleroi Lumber company and the contract for the furniture and interior work has been given to the Nachtegall Manufacturing company of Grand Rapids, Mich., who are leading ing specialists in this line of work.

Plans and specifications for a specially designed burglar proof, quadruple combination time lock vault door, safe deposit boxes, etc., have been submitted to five of the best vault builders in the country, and the successful bidder will be awarded the contract in a few days.

Radical changes will be made in the remodeling of the building. A central front entrance will be provided on McKean avenue, with an additional side entrance on Fifth street. The present offices on the second floor will be done away with entirely, giving the bank a mezzanine floor with a twenty-five feet ceiling. The ceiling will be done in panel work with beam effect, and the floors will be granalithic. The entire banking room will be enclosed with Italian marble wainscotting three and one-half feet high, and all door and window casings will be of marble. The furniture will be constructed of Italian marble, wrought bronze and mahogany, and of the very finest and latest design.

The directors' room will be removed from the first to the second floor, accessible by stairway from the interior and rear of the building. The cashier's office will be in front of the building at the left of the central entrance, and on the right will be located a customers' waiting room. A feature of the directors' room on the mezzanine floor above is that the entire front is in a series of leaded glass pivot windows, which expose the entire workng force and quarters to view.

Scientific methods according to the latest approved plans of modern sanitary engineers will be employed in the lighting and heating of the building. In lighting, the semi-direct style, which will be approved by the scientific department of the Macbeth-Evans Glass company, will be installed. The heating system is to be of the indirect style, the cold air coming in from the outside of the building is brought in contact with and over concealed radiators in the wall, and is taken out through specially designed air ducts leading from the floor to the roof. In point of light, heat and ventilation, the system will be the very latest and most scientific known.

All telephone and electric light wires, etc., will be brought into the building through a conduit, and no wires will be exposed, either outside or inside of the building. The basement will also be finished, and a book, silver, and customers' storage vault will be installed, as well as the money vault, safe deposit boxes, etc., which will be on the first floor.

The cost of the remodeling will exceed $25,000. Work will begin at once, as the contractors are to turn the building over completed in every detail, even to pens, ink and blotters on or before the first of next October.

During the process of remodeling the First National will have temporarly quarters in the Ross building, 411 McKean avenue. The York Safe and Lock company, of York, Pa., are shipping two burglarproof screw door safes which will be installed in the temporary quarters. Special insurance policies will be carried to protect the bank against any possible losses due to the removal.

In addition to being one of the most solid banking institutions in the country, the First National has been a most potent factor in the development of Charleroi and the surrounding community. Its liberal but safe policy has been instrumental in promoting the various business and financial prosperity of the town, and its policy of closely considering character and integrity as an asset as well as material security, has had an influence in developing factors of progress that otherwise might have remained dormant. Many a small business beginning that afterwards grew and expanded, owes its success to the support of this banking institution.

The remodeling of the First National Bank will add matrially to the permanent beauty of the town and the many friends of the institution will be rejoiced to note its progress and expansion.

EXPLOSION, BUT WHENCE ORIGIN

An explosion at about 4 o'clock this morning startled Charleroi people from their beds and made them think of seasickness. The reverberation was so great that it shook windows and was noticed distinctly as far out in the country as the farm of Mrs. S. E. Rodgers. Whether or not it was the dumping of hot slag into the river from the Monessen mills or whether it was a slice of a comet like that which fell into the river at Fayette City the time of the last explosion is something that nobody seems able to answer.

CHARGES LODGED

Judge Umbel of Fayette County Faces Serious Accusations.

H. S. Dumbauld, an attorney of Uniontown has filed a petition with Speaker Alter at Harrisburg praying that the house of representatives find a presentment of impeachment against Robert E. Umbel, president judge of Fayette county. Numerous charges in connection with the judge's re-election in 1909 were filed. Dumbauld was a candidate against Judge Umbel for the nomination.

The charges allege that Judge Umbel violated the election laws, declare that he took part in the organization of a secret committee of five to raise and disburse funds of $35,000 from eight brewing companies and $15,000 from hotel keepers and that Judge Umbel made an improper arrangement with S. E. Frock for expenditure of money.

Speaker Alter referred the petition to the judiciary general committee with instructions to advise the house whether it contains sufficient to warrant a committee of investigation.

SUSTAINS INJURY IN FALL TO STREET

When he fell by accident from the curb on McKean avenue near Fifth street at about 9:30 o'clock Wednesday evening Thomas Johnson, of Uniontown, a linesman of the West Penn Electric company was somewhat injured about the head. The back of his head struck the street. It was first thought that his skull was fractured, and he was carried to a doctor's office. Examination proved that injuries were not likely to be unusually serious.

Playgrounds Opening in Evening Friday to be Chief Feature

PROGRAM IS ANNOUNCED

Rev. J. R. Burson to D" Address--Eldora Parl paring For the Da

With the playgrounds opening in the evening shortly after 6 o'clock as the leading feature, Memorial Day will be fittingly observed in Charleroi. Though there are not many old soldiers here, the evening observance at the playgrounds will be partly for them. Eldora Park with a program lasting throughout the day will be a favorite gathering place. There will be two ball games in Charleroi one in the morning and one in the afternoon.

Rev. John R. Burson, as had been previously announced will make the principal address at the playgrounds. A program of Victrola music will be rendered by W. B. Pfleghardt, and a choir under direction of Prof. I. T. Daniel will sing.

New equipment of different kinds has been placed at the playgrounds and old equipment that was retained has been repainted and put in the best possible shape. Among the new apparatus ordered for his season is a steel merry-go-round. It has been shipped from Springfield, Ohio, and it is hoped will arrive in time for the opening tomorrow night. If not it will be installed the first of next week.

Eldora Park's program will include dancing all day, with a firework's display at night at 9 o'clock. The fire works display will be very good. It will not be set off by amateurs but by a man from the firm which sold it. The hour for the display is so arranged that it will not interfere with any other arrangements Charleroi people might have for the day. They can attend the playgrounds opening and then go to Eldora.

At Monongahela and at other places where there are G. A. R. posts the usual Memorial day program will be given in commemoration of the lives of the old soldiers.

MEMORIAL DAY.

Because it did not live through the stirring scenes of the civil war Charleroi does not observe Memorial Day in the same manner that other communities do who passed through that deluge of fire and blood, when our nation's very existence was threatened This is not due to lack of patriotism or reverence for the spirit of the anniversary, as individually nearly every family or person who has loved ones asleep in the city of the dead take advantage of Memorial Day to offer up a tribute to the memory of their cherished dead. In this respect Charleroi is most observant of the spirit of the day.

As the years roll on and the civil war is but a memory with no survivors to inspire the special observance on which the anniversary was founded, the sentiment will descend to present generations. In communities which lived through the stirring scenes of the civil war Memorial Day is most hallowed. With the second and third generations the traditions may become obscured, but not the spirit or the sentiment. More and more is Memorial Day having a personal significance to the family and the individual, and this spirit will increase as the years roll on. All honor to the hallowed dead who served their country in ts hour of need, but all honor, too, to those who have fought the good fight in the battle of life, or have gone down in the struggle. The spirit and sentiment of Memorial Day is growng stronger as the years roll on, and its annual observance is aninspiration for Christianity and patriotism.

Death Sentence Imposed.

. . . death was imposed by . . O Van Swearinger at Un- . . . Tuesday afternoon on Luigi . . Leo and Frank Wells, who were convicted in the Fayette county court of murder in the first degree for the killing of Charles H. Butler on the Edenborn road near McClellandtown on January 3. Fayette county is likely soon to have its first double hanging.

The public is given plenty to suffer about between grins at the trouble it is giving the politicians.

PICKED UP IN PASSING

A story is told of a Fayette City man who had some words with a neighbor and the latter promised to do the former a "terrible injury" when they met again. As the first man was a whole lot smaller than the one who threatened to make the chastisement, he naturally kept a trifle shady. The other night, it is said, a neighbor's goat strolled upon the porch of the man's residence who was looking out for his nibs, and being somewhat domesticated, began butting the door. This had the sound of some one peremptorily knocking, and the man naturally though that his belligerent acquaintance had called to administer the promised "punchiny." He started for the door, but before he reached it he got cold feet. Finally he said to his wife.

"You go and open the door, Mary. It's a mighty mean sun-of-a-gun who'll strike a woman. Still, I wouldn't put it past him!"

A bunch of school boys who attend a neighboring technical institution were discussing the faculty the other day. In the course of the conversation one of the professors was referred to as "Antimony."

"Why do you call him 'Antimony?'" an outsider asked.

"Oh, because no one likes him," was the reply.

"Still, I fail to see why that has any relation to the title," the other replied.

"Oh, you know the technical sign for antimony is 'S. B.,'" was the enlightening answer.

Plattsburg, Miss.—"Lydia E. Pinkham's Vegetable Compound has proved very beneficial to me, for now I am well and have a sweet, healthy baby, and our home is happy.

"I was an invalid from nervous prostration, indigestion and female troubles.

"I think I suffered every pain a woman could before I began taking Lydia E. Pinkham's Vegetable Compound, and I think it saved this baby's life, as I lost my first one.

"My health has been very good ever since, and I praise your medicine to all my friends."—Mrs. VERNA WILKES, R. F. D. No. 1, Plattsburg, Miss.

The darkest days of husband and wife are when they come to look forward to a childless and lonely old age.

Many a wife has found herself incapable of motherhood owing to some derangement of the feminine system, often curable by the proper remedies.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Money Prizes for Boys & Girls

$57.00 in Cash Prizes

Children, you still have a chance to win a prize in the big Lawrence Paint drawing contest.

In some places the announcement of the contest was delayed. This made the time short for some children. In order that all may have ample time to prepare their drawings, we have extended our prize drawing contest until June 10th.

Think how nice it is to be a prize-winner. How pleased your Mother and Daddy will be—how proud you will feel!

Draw one of the pictures of the **Lawrence Paint Kids**, color it and send it in to us, with a Lawrence Paint label, on or before June 10th. Send as many drawings as you like, but each must have a label.

Don't waste any time—start right now! See

FIRST NATIONAL BANK TO ENLARGE QUARTERS

Over $25,000 to be Spent in Extensive Improvements

HAS HAD RAPID GROWTH

Institution Has Prospered Tremenously Since Its Incorporation

In order to provide adequate quarters for the steady growth of its business, which has now attained proportions that demand larger and better accommodations, the directors of the First National Bank of Charleroi have just accepted plans and specifications for the complete remodeling of their building at the corner of McKean avenue and Fifth street. These plans, which are the result of wide investigation and exhaustive study on the part of the officers of the bank, who during the past few months have visited plants and banks having the most modern equipment, and who have selected the very latest models and plans, when completed will provide quarters for the First National that will be among the most modern in the country.

After consulting various architects and considering many plans the Emmett E. Bailey company, bank and insects and vault engineers of Oil City, Pa, was selected by the officers of the First National Bank to prepare plans and specifications for the complete remodeling of the bank building During the past three months this firm has been busily engaged in working out and completing a design for the remodeling This has just been submitted and accepted by the bank officials, who have awarded contracts for the work The contract for remodeling the building proper has been awarded to the Charleroi Lumber company and the contract for the furniture and interior work has been given to the Nachtegall Manufacturing company of Grand Rapids, Mich, who are leading ing specialists in this line of work

Plans and specifications for a specially designed burglar proof, quadruple combination time lock vault door, safe deposit boxes, etc., have been submitted to five of the best vault builders in the country, and the successful bidder will be awarded the contract in a few days

Radical changes will be made in the remodeling of the building A central front entrance will be provided on McKean avenue, with an additional side entrance on Fifth street. The present offices on the second floor will be done away with entirely, giving the bank a mezzanine floor with a twenty-five feet ceiling. The ceiling will be done in panel work with beam effect, and the floors will be granalithic. The entire banking room will be enclosed with Italian marble wainscotting three and one-half feet high, and all door and window casings will be of marble The furniture will be constructed of Italian marble, wrought bronze and mahogany, and of the very finest and latest design.

The directors' room will be removed from the first to the second floor, accessible by stairway from the interior and rear of the building. The cashier's office will be in front of the building at the left of the central entrance, and on the right will be located a customers' waiting room. A feature of the directors' room on the mezzanine floor above is that the entire front is in a series of leaded glass pivot windows, which expose the entire working force and matters to view.

Scientific methods according to the latest approved plans of modern sanitary engineers will be employed in the lighting and heating of the building. In lighting, the semi-direct style, which will be applied by the scientific department of the Macbeth-Evans Glass company, will be installed. The heating system is to be of the indirect style, the cold air coming in from the outside of the building is brought in contact with and over concealed radiators in the wall, and is taken out through specially designed air ducts leading from the floor to the roof In point of light, heat and ventilation, the system will be the very latest and most scientific known

All telephone and electric light wires, etc, will be brought into the building through a conduit, and no wires will be exposed, either outside or inside of the building The basement will also be finished and a book, silver, and customers' storage vault will be installed, as well as the money vault, safe deposit boxes, etc., which will be on the first floor

The cost of the remodeling will exceed $25,000. Work will begin at once, as the contractors are to turn the building over completed in every detail, even to pens, ink and blottters on or before the first of next October.

During the process of remodeling the First National will have temporarily quarters in the Ross building, 411 McKean avenue. The York Safe and Lock company, of York, Pa., are shipping two burglar proof screw door safes which will be installed in the temporary quarters. Special insurance policies will be carried to protect the bank against any possible losses due to the removal.

In addition to being one of the most solid banking institutions in the country, the First National has been a most potent factor in the development of Charleroi and the surrounding community. Its liberal but safe policy has been instrumental in promoting the various business and financial prosperity of the town, and its policy of closely considering character and integrity as an asset as well as material security, has had an influence in developing factors of progress that otherwise might have remained dormant. Many a small business beginning that afterwards grew and expanded, owes its success to the support of this banking institution.

The remodeling of the First National Bank will add matrially to the permanent beauty of the town and the many friends of the institution will be rejoiced to note its progress and expansion.

The affirmative won Judges were Prof. T. L. Pollock, superintnednent of the Charleroi schools; Prof. Target of Homestead, and Prof. Schultz, of California Normal.

EXPLOSION, BUT WHENCE ORIGIN

An explosion at about 4 o'clock this morning startled Charleroi people from their beds and made them think of seasickness The reverberation was so great that it shook windows and was noticed distinctly as far out in the country as the farm of Mrs S E Rodgers. Whether or not it was the dumping of hot slag into the river from the Monessen mills or whether it was a slice of a comet like that which fell into the river at Fayette City the time of the last explosion is something that nobody seems able to answer.

CHARGES LODGED

Judge Umbel of Fayette County Faces Serious Accusations.

H S Dumbauld, an attorney of Uniontown has filed a petition with Speaker Alter at Harrisburg praying that the house of representatives find a presentment of impeachment against Robert E. Umbel, president judge of Fayette county. Numerous charges in connection with the judge's re-election in 1909 were filed Dumbauld was a candidate against Judge Umbel for the nomination

The charges allege that Judge Umbel violated the election laws, declare that he took part in the organization of a secret committee of five to raise and disburse funds of $35,000 from eight brewing companies and $15,000 from hotel keepers and that Judge Umbel made an improper arrangement with S. Playgrounds Opening in Evening Friday to be Chief Feature

PROGRAM IS ANNOUNCED

Rev. J. R. Burson to D[illegible] Address--Eldora Park Preparing For the Da

With the playgrounds opening in the evening shortly after 6 o'clock as the leading feature, Memorial Day will be fittingly observed in Charleroi Though there are not many old soldiers here the evening observance at the playgrounds will be partly for them. Eldora Park with a program lasting throughout the day will be a favorite gathering place. There will be two ball games in Charleroi one in the morning and one in the afternoon.

Rev. John R. Burson, as had been previously announced will make the principal address at the playgrounds. A program of patriotic music will be rendered by W. B. Pfleghardt, and a choir under direction of Prof. I. T. Daniel will sing.

New equipment of different kinds has been placed at the playgrounds and old equipment that was retained has been repainted and put in the best possible shape. Among the new apparatus ordered for his season is a steel merry-go-round. It has been shipped from Springfield, Ohio, and it is hoped will arrive in time for the opening tomorrow night If not it will be installed the first of next week.

Eldora Park's program will include dancing all day, with a firework's display at night at 9 o'clock. The fire works display will be very good. It will not be set off by amateurs but by a man from the firm which sold it The hour for the display is so arranged that it will not interfere with any other arrangements Charleroi people might have for the day. They can attend the playgrounds opening and then go to Eldora.

At Monongahela and at other places where there are G. A. R. posts the usual Memorial day program will be given in commemoration of the lives of the old soldiers.

MEMORIAL DAY.

Because it did not live through the stirring scenes of the civil war Charleroi does not observe Memorial Day in the same manner that other communities do who passed through that deluge of fire and blood, when our nation's very existence was threatened This is not due to lack of patriotism or reverence for the spirit of the anniversary, as individually nearly every family or person who has loved ones asleep in the city of the dead take advantage of Memorial Day to offer up a tribute to the memory of their cherished dead. In this respect Charleroi is most observant of the spirit of the day.

As the years roll on and the civil war is but a memory with no survivors to inspire the special observance on which the anniversary was founded, the sentiment will descend to present generations. In communities which lived through the stirring scenes of the civil war Memorial Day is most hallowed. With the second and third generations the traditions may become obscured, but not the spirit or the sentiment. More and more is Memorial Day having a personal significance to the family and the individual, and this spirit will increase as the years roll on. All honor to the hallowed dead who served their country in ts hour of need, but all honor, too, to those who have fought the good fight in the battle of life, or have gone down in the struggle. The spirit and sentiment of Memorial Day is growng stronger as the years roll on, and its annual observance is an inspiration for Christianity and patriotism.

Death Sentence Imposed.

PICKED UP IN PASSING

A story is told of a Fayette City man who had some words with a neighbor and the latter promised to do the former a "terrible injury" when they met again. As the first man was a whole lot smaller than the one who threatened to make the chastisement, he naturally kept a trifle shady. The other night, it is said, a neighbor's goat strolled upon the porch of the man's residence who was looking out for his hide, and being somewhat domesticated, began butting the door. This had the sound of some one peremptorily knocking, and the man naturally though that his belligerent acquaintance had called to administer the promised "punchiny." He started for the door, but before he reached it he got cold feet. Finally he said to his wife.

"You go and open the door, Mary. It's a mighty mean sun-of-a-gun who'll strike a woman. Still, I wouldn't put it past him!"

A bunch of school boys who attend a neighboring technical institution were discussing the faculty the other day. In the course of the conversation one of the professors was referred to as "Antimony."

"Why do you call him 'Antimony?'" an outsider asked.

"Oh, because no one likes him," was the reply.

"Still, I fail to see why that has any relation to the title," the other replied.

"Oh, you know the technical sign for antimony is 'S. B.,'" was the enlightening answer.
